

Let's talk health

Healthy North Coast wants to hear from young people about the health services and supports that matter to them.

We want to hear from people aged 12-25 across the Mid North Coast and North Coast. We also want to hear from parents, carers and service providers.

Come share your experience and understanding of what young people need in your community.

Young people will be paid for their time and contribution!

Interested? Scan this QR code to find out more and to register your interest.
